## **Commercial Real Estate Cost Greater Akron, Ohio USA 2010 Cost Index**

### **Commercial/Office Sites**

**Commercial/Office Sites in the Greater Akron area range in price from a low of about \$125,000/acre to a high of near \$400,000/acre. Typically the sales price will include all utilities and infrastructure, however, some sites may be subject to a per acre or per linear foot assessment for additional improvements. Some communities have special incentives to reduce cost based on job creation.**

### **Industrial Sites**

**Industrial Sites in the Greater Akron area range in price from a low of about \$25,000/acre to a high of near \$110,000/acre. The typical sales transaction will include all utilities and infrastructure, however, some sites may be subject to a per acre or per linear foot assessment for utility connections.**

### **Leased Industrial Space**

**In the Portage, Summit and Medina County areas of Northeast Ohio, industrial buildings range in price on a lease basis from a low of about \$2.80/SF to \$5.00/SF for large spaces and \$2.50/SF for smaller spaces depending on age of the building, type of construction and mechanical systems needed. Flex space in areas that can be converted to production use is generally priced at about \$8 - \$10/SF for office and \$5.00/SF to \$7.00/SF for warehouse.**
