

## **Last Chance To Apply for 2012 Greater Akron Chamber's Workers' Comp Program**

There have been recent BWC premium discount and program changes. Employers are faced with more complex decisions than ever before when determining their company's best workers' compensation cost savings options. The Greater Akron Chamber has a partnership with CareWorks Consultants, one of Ohio's largest workers' compensation service companies, to assist our members in making these difficult business decisions. It is free to compare, and the benefits can be substantial. **Deadline for applying is February 1 !!!!**

### **Savings**

- Multi-tiered traditional and multi-tiered retrospective group rating programs enable you to receive the highest potential premium savings. Group members have seen more than a **500% Return on Investment**.

### **Professional Consultation**

- CareWorks Consultants will help you determine the most effective cost savings programs such as 100% CAP Program, One Claim Program, Deductible Programs, Drug Free Safety Program and Destination Excellence.
- If your company does not qualify for the traditional group rating program CareWorks Consultants will assist you with available alternative discount programs.

### **Best in Class Service**

- Group members receive claim management, rating and hearing representation services.
- 2012 group members automatically receive unemployment consulting services.
- Safety training is available to help you meet OSHA and BWC requirements.
