

## Connect with Play

This camp was designed for children with autism spectrum disorders or sensory processing issues. Trained staff facilitates social interaction through play and activities in a safe environment. Camp activities include structured cooking and music activities as well as a wealth of self-directed sensory and play activities. Staff ratios are determined by the needs individual camper.

Connect with Play is for children ages 4 to 10. There are Connect with Play camp sessions scheduled during winter and summer breaks, on in-service days as well as throughout the school year.

Name: Connecting with Movement

Population: Autism, Orthopedic and movement disabilities and typically developing siblings and friends

Camp Description:

Connecting with Movement is Hattie Larlham's newest camp created for

children who have motor planning issues . Trained staff encourage social engagement and motor skill development through play activities with neurotypical peers. Staff to camper ratios are determined based on individual camper needs. Planned activities include music, bicycle riding and other gross motor activities, fine motor skill games, and free play in our new Hattie Larlham play space in Mantua, OH. We ask that you send a sack lunch with your camper, snacks will be provided.

## Camp Connect

Camp Connect is one of the largest recreation programs offered at Hattie Larlham. The camp brings typically developing children from area communities together with the children at Hattie Larlham. This integrated atmosphere creates social bonds that dispel myths about disabilities. Daily activities include disability awareness and inclusion lessons and educational games and programs.

Camp Connect is for children ages 5 to 14. Formerly a summer staple, Camp Connect offers shorter sessions throughout the year including winter break and in-services days.

Camp Connect Schedule

July 6 - 10, 2009  
August 3 - 7, 2009

Time: 7 a.m. - 5 p.m.
