

# Impact Manufacturing Forum

Join us Friday, September 10, 2010 for a breakfast seminar and panel discussion for manufacturing and distribution executives of Northeast Ohio.

Our presenters will address the top issues facing manufacturers and distributors such as, **lack of skilled labor, global competition, regulations and legislation** and an **economic outlook into 2011**. After the presenters share their insights on these top issues we will open up the forum to allow our guests to ask the panelists their own questions.

Don't miss your opportunity to be a part of the 2010 Impact Manufacturing Forum.
