Akron Law Firm Launches New Website

Akron, Ohio (June 8, 2010) - In celebration of its 25th Anniversary, the Akron law firm of Stark & Knoll has launched a new client focused website at www.stark-knoll.com.

The new site was designed with the firm's clients' needs in mind. Managing Partner, John Krajewski said, "We really created the site thinking, 'What do our clients want?' By listing detailed [contact information](#) for all members of our firm we want our clients to be able to speak directly with anyone in our office. We pride ourselves in our service and commitment to our clients and this is just one more step to keep those lines of communication open," said Krajewski.

All attorney [biographies](#) contain direct contact information, e-mail addresses, and a comprehensive list of practice areas so prospective clients, in-house counsel and referral sources can easily find the attorney they need.

Prospective employees can easily view [job openings](#) and submit their resume on the site. Visitors can use new forms to submit information and register for e-mail alerts from the firm while the social media links on the site and attorney biographies easily direct visitors to the firm's social media pages.

On the [news](#) page clients can learn about topics covering estate tax, special needs planning, mergers and acquisitions, business organizations and employment issues. Krajewski stated, "We hope this information will be helpful to both clients and potential clients in keeping them up-to-date with the law."
